KEY FEATURES		DETAILS	
	Recyclable	<input checked="" type="checkbox"/>	Recyclable
	Transparent	<input checked="" type="checkbox"/>	Excellent Transparency
	Good sealing	<input checked="" type="checkbox"/>	Good sealability
	Custom printing	<input checked="" type="checkbox"/>	Excellent shock resistant
	Cold drinks	<input checked="" type="checkbox"/>	Various diameters and heights available
	Leak proof	<input checked="" type="checkbox"/>	Custom printing or engraving available (Optional)
	Various sizes	<input checked="" type="checkbox"/>	Customized packing sizes and options (bulk, individual sleeving packing) available (Optional)

PLASTIC ICE CUPS

MATERIAL
 PET (Polyethylene terephthalate)
 (**Other materials available upon request)

SPECIFICATION
 Diameter : 92.5mm / 98mm / 107mm
 Height : up to 180mm
 (**Other dimensions available upon request)

- SEOIL PLASTIC ICE CUPS**
- Our Ice cups are specifically developed to be filled with ice cubes and distributed through cold chain supply.
 - As Ice cups are carrying ice cubes inside and they are to be stored and distributed at a very low temperature, they have good shock resistance at below freezing temperatures as well as a high degree of flatness of the rim area for good quality of sealing
 - Various diameters, sizes and volumes available.
 - Customized print and engraving option available (Optional)
 - Customized packing size and option (bulk, sleeving packing) available (Optional)
